ABOUT US

Our Animal World was started back in April 2022 by Laura Jackson a fully qualified primary school teacher and animal assisted therapist. The aim of the company was to bring education alive and make lasting memories whilst encouraging a love of conservation, respect for wildlife and help improve the lives of all pets animals. Laura's experience as a teacher allows her to create fun but educational workshops, events and parties for all ages.

OUR TEAM

Laura Jackson

Director, animal educator and
Animal Assisted Therapist

Shannon Coshall

Animal Care Manager,
student co-ordinator and
workshop assistant

Pam Jackson

Front of house- events

PRICES FOR IN YOUR OWN VENUE

Our party package is a 2 hour party at a venue of your choice (this can be in your house which MUST be inside or in a hall or other venue) and includes:

- 5 min safety talk
- 55 mins with the selected 10 animals (you may choose your own)
- 20 mins of food (provided by you) with music provided by us
- 40 mins of an activity of your choice (see our activities page for more details)

This package costs £385

****Please note we charge a 50p per mile mileage charge from IP13- please send us the venue's postcode to confirm cost*

VAN EXPERIENCE PARTY

Our van experience party package is a 1 hour 30 session which is available March–October. The venue must have access for our 7m long van which is 3m wide and 3m tall. It can be parked on grass if not wet, if not must be on hard standing. We have a 6m x 3m gazebo plus two 3mx3m gazebos allowing us to set up according to the space and protects from the sun, rain and wind. We must have access to an electric point. This package includes:

- 5 min safety talk
- 55 mins with a variety of animals (we bring along 17+ animals)
- 30 mins of exploring our van and our curiosity corner (this option can be swapped with on of our other activities. Please see our activities page for more information)

This package costs £400

****Please note we charge a 50p per mile mileage charge from IP13- please send us the venue's postcode to confirm cost*

ACTIVITY OPTIONS

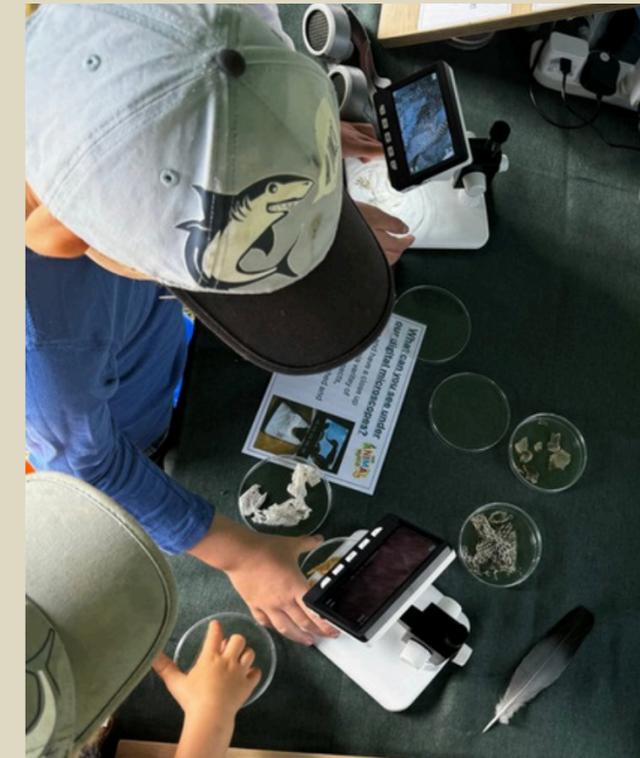

Curiosity Corner

- Snake, lizard shed and insect exoskeletons
- Insects in resin
- Feathers, shells, antlers and more
- Magnifying glasses & digital microscopes
- Fossil digging pit
- Robot animals
- Animal wordsearches
- Dinosaur corner
- Guess the animal's eye interactive game
- Explore replica animal skeletons & x-rays on our light box

and so much more!

Perfect for a fun, educational activity for all ages!

ACTIVITY OPTIONS

Animal mask making

We bring along a variety of animal masks that the children choose and decorate with a variety of colouring pens, feathers, Pom poms, sequins, stickers and more! Then the children get to keep and take these home! Suggested age range is under 8s.

Parachute games

We bring along our large parachute and soft ball, playing a variety of games including the ever popular 'Cat & Mouse'. This activity is perfect for ages 4+, but will need a large space to set up as the parachute is large! It's also better for larger groups of 15+ although has been done with 10 before.

ACTIVITY OPTIONS

Baseball hat or bag design

Why not let the children pick either a cool baseball hat or a hessian bag to design using our fabric pens! They can use one or very cool stencils, trace over one of our animal images or draw free hand whatever they want! Then at the end, they get to take home their own customised hat or bag to keep! Perfect for all ages, but suggest 6+ due to the non-washable pens! We do bring our own tables to prevent any damage to your own though!

Badge, keyring, magnet making

We bring along our professional badge, key ring and magnet maker, where each child gets to design their own to take home and keep. They get to choose two and can make two badges, two key-rings or one of each! We have some designs which they can just colour in or completely design their own! Great fun for all ages.

ACTIVITY OPTIONS

Foam clay models

Using our colourful air-drying foam clay, the children can make any creation they would like using our purpose built tools and even our goggly eyes! The bonus to foam clay is that it isn't sticky and so doesn't make surfaces and the colour won't stain hands etc. although we do use our own tables just for added protection!

Hanging wooden animal

Using our acrylic pens and a variety of different crafting items to decorate the children's very own hanging animal to take home with them. Suitable for 6+

OUR ANIMAL WORLD REVIEWS

“ We cannot recommend Our Animal World enough! Our son and his friends had the BEST time celebrating his 7th birthday with such a unique and wonderfully engaging party! Even the parents that stayed had an amazing time – and we all know children's parties are usually torturous for the adults 🙄👩🏻👦🥰, but not in this case!! Everyone has sent me messages saying how much they and their children thoroughly enjoyed it and our little boy now has the best memories of his birthday! Thank you so much for making it special for us all! xxx

“ Amazing company, super friendly amazingly patient with the kids. Great choice of animals and really knowledgeable Can't thank you enough. Bradley had a fantastic party

“ My son had the most amazing 7th birthday party with Our Animal World Van Experience! Laura was very friendly and knowledgeable, and the kids remained engaged for the entire time! They absolutely loved being able to interact with the animals, as well as learning interesting facts. Definitely a birthday to remember – it was absolutely brilliant! Would definitely recommend.

“ Laura and the team did my son's 3rd birthday party and it was epic! All the three year olds loved it but so did the older siblings and the grown ups! Would definitely recommend.

“ One of THE best decisions I've made by calling Laura for my son's Birthday party. Was so good seeing and handling all the animals, the process was smooth, safe, educational and ultimately unforgettable. Definitely calling her back for the next party! Thank you Our Animal World!
