ABOUT US

Our Animal World was started back in April 2022 by owner and founder, Laura Jackson a fully qualified primary school teacher and animal assisted therapist (AAT) and a Complimentary Medical Association registered practitioner.

The aim of the company was to bring education alive and make lasting memories whilst encouraging a love of conservation, respect for wildlife and help improve the lives of all pets animals. Laura's qualification in AAT means she is able to offer therapeutic sessions to a variety of clients in a variety of settings, adjusting each session to suit your particular facilities and residents' needs.

PRICES FOR CARE OR RESIDENTIAL FACILITIES

Run by a full qualified and insured Animal Assisted Therapist (and a Complementary Medical Association practitioner) and fully qualified teacher, our care facilities packages focus on the therapeutic side that our animals can bring to others. You can select the animals that attend or you can leave the choice up to us.

The 'set up and talk' sessions are one hour and are set up in a specified place (such as a cafeteria, lounge, etc) and Laura tells your residents some fun facts about each animal, some anecdotes about what they get up to at home and help the residents connect to the animals as individuals as well as a species.

Each animal comes round each resident to meet them (if they wish to interact). Laura adjusts her talk to meet the needs of your residents as required. Our 'set up and talk' session contains 10 animals that can either be chosen by you or left up to us. For those care homes that we attend regularly we ensure we rotate the animals so that different animals attend each time. We can also include our therapy dogs in our sessions.

Our 'set up, talk and walk' sessions are 2 hours. The first hour is our 'set up and talk' session as above, but the second hour allows us to take a few chosen animals around to your residents' rooms who may not be able to attend the main session for various reasons.

If you are not sure which option would suit your care residence, then why not contact us on 07519340788 or email us info@ouranimalworld.com

PRICES FOR CARE OR RESIDENTIAL FACILITIES

We have a variety of options for care homes:

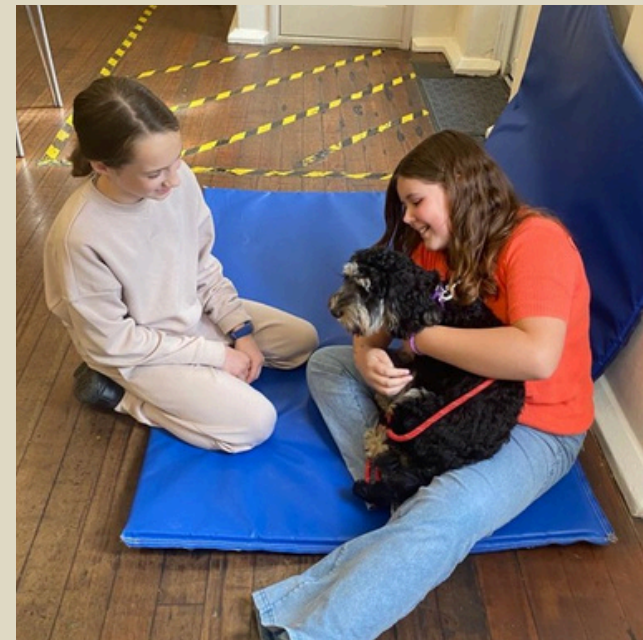

- **Set up & Talk:** 10 animals, 1 hour set up in a communal area (such as a lounge) **£300**

We will bring along 10 of our animal friends for the residents to learn about and meet up close, many being held or stroked, as Laura does her educational talk on each one

- **Talk & walk:** 10 animals, 1 hour visiting different rooms **£300**

We will bring along 10 of our animal friends to attend residents in their rooms, where Laura will talk to each resident about some of our animals as they interact

- **Set up, talk & walk:** 10 animals, 2 hours- 1 hour set up in a communal area, then 1 hour visiting residents in their rooms (option 1 and 2 combined) **£380**

****Please note we charge a 50p per mile mileage charge from IP13- please send us the venue's postcode to confirm cost*

£80

****Please note we charge a 50p per mile mileage charge from IP13- please send us the venue's postcode to confirm cost*

OUR ANIMAL WORLD REVIEWS

“ Had such a fantastic experience with our animal world today when they came into visit residents as sidegate lane care home. It was clear that all of the animals were very happy and relaxed around people and being handled. Laura was so informative and was so inclusive of all Of our residents, taking time to make sure everybody got a turn holding or stroking each animal. I especially enjoyed meeting the salamander as I'd never seen one before in real life. Thank you!

“ I cannot praise this company enough, so professional, so friendly, they made the residents feel safe and happy with new experiences. The animals were so well looked after and the whole afternoon was a pleasure from start to finish, they engaged the residents and staff. No question left unanswered.

“ We asked Our Animal World to come to Rendlesham Care Centre and they were fantastic, all the residents had an amazing time, couldn't recommend them enough 😊 Great staff and great animals
