ABOUT US

Our Animal World was started back in April 2022 by Laura Jackson a fully qualified primary school teacher and animal assisted therapist. The aim of the company was to bring education alive and make lasting memories whilst encouraging a love of conservation, respect for wildlife and help improve the lives of all pets animals. Laura's experience as a teacher allows her to create fun but educational workshops, events and parties for all ages.

OUR TEAM

Laura Jackson

Director, animal educator and
Animal Assisted Therapist

Shannon Coshall

Animal Care Manager,
student co-ordinator and
workshop assistant

Pam Jackson

IN VENUE EVENTS

Our inside a venue option can be held in any inside venue such as a hall, pub, church, museum, classroom- anywhere we can fit!

Our two options for in venues are:

- **Static in venue zoo**

We can run as a static zoo where we set up 10 different animal species, each with an information label similar to what you would see at a zoo. People can then come up and see there different animals, whilst one or two of the staff have out different animals at different times throughout the session for people to meet.

We can also add on our ever popular Curiosity Corner (see event extras for more details).

- **Structured talks**

The other option would be to run structured timed talks of either 45mins or an hour.

These would start with a 5mins introduction and safety talk followed by 40 or 55mins of learning and meeting the 10 animal species that we bring along with a chance for everyone to interact with a variety of species. We can have up to 50 people in the audience for our talks (including adults). We bring our own PA system if required.

This option works well for **kids clubs, WI meetings, ticketed events**, etc.

We can also add on our ever popular Curiosity Corner (see event extras for more details).

VAN EXPERIENCE EVENTS

Our van experience events are available March 1st–September 31st. The venue **must have access for our 7m long van which is 3m wide and 3m tall**. It can be parked on grass if not wet. We **must be on hard standing if ground too wet**. We have a 6m x 3m gazebo plus two 3mx3m gazebos allowing us to set up according to the space (which must be anttached to our van) and protects from the sun, rain and wind. We **must have access to an electric point or strong generator**.

- **Walk through zoo**

This option is perfect for larger events with a large footfall, but also works for smaller events too. We set up as a constant walk through zoo allowing customers to walk through our mobile exotics van, interact with our ever popular Curiosity Corner (see the extras page for more details) in our gazebos, meet various animals throughout our time there at our handling station and explore all the animals with information sheets in their own time– just like a static mini zoo!

- **Set up with talks**

We bring along our own venue by putting up our own gazebos and can provide up to 30 chairs for an audience. We then bring out a variety of animals at set times and talk about them with customers being able to hold/interact with the animals whilst learning all about them. We bring along our own PA system as required. We can add on our Curiosity Corner as requested.

- **Combination of walk through zoo & talks**

We can combine the top two options, having a walk through zoo in between scheduled talks throughout the day. We bring along our own PA system as required. This is often popular with our larger events.

EVENT EXTRAS

On top of your event choice, you may want to add one of our event extras:

- **Curiosity Corner**

Our ever popular Curiosity Corner is a fun, educational, hands on activity for all ages. We bring along a variety of digital microscopes and magnifying glasses to explore a variety of items such as reptile shed, feathers, shells, exoskeletons, cocoons and so much more! We also bring along a variety of insects in resin, a fossil digging pit, robot animals and other fun, educational, interactive games to be enjoyed.

******Please note, Curiosity Corner is included in the Van Experience if you select the walk through zoo option.***

- **Badge/keyring/magnet making**

We bring along our professional badge maker where we can turn the customer's very own designs in to a badge, keyring or magnet for them to take home! Either they can draw their own or colour in one of our ready made animal designs.

- **Baseball hat, pencil case or hessian bag design**

We bring along plain white baseball hats, plain pencil cases and plain hessian bags to be designed using our fabric pens. They can use our animal stencils or design their very own hat or bag to take home.

WHAT ANIMALS?

If you select one of our **Van Experience** options, we bring along **around 20 different species**.

Inside the van itself houses 16 exotic species including snakes, bearded dragons and geckos, a variety of other lizards, a tortoise, amphibians and insects. It may also house an exotic mammal.

Our gazebo will have our rabbits, guinea pigs (as long as temperatures do not reach 24c or higher), chickens or another bird (if bird flu restrictions allow) as well as a variety of more insects and reptiles!

Please note we cannot guarantee the animals that will attend for any of our events due to unforeseen circumstances, but if there are certain animals you wish to attend please let us know and we will do our best to arrange it.

If there are any animals you do not wish to attend, please let us know and we will ensure they do not come along.

For our **inside venue** options, you get a choice of **10 animals**. You can either select your own from our current updated animal list or you can leave the choice up to us and we will bring along the animals we believe best suited to your event.

For a list of our animals please see the next page!

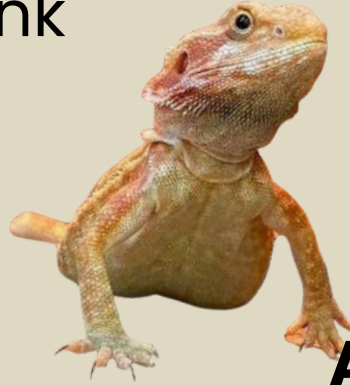

NEARLY 70 ANIMAL SPECIES!

Here is a list of some of our animals- please note this list does change and not all animals are available all the time. The ones in **red** are the ones that are visual only meaning no interaction is allowed (ie no stroking/holding):

OUR ANIMAL WORLD REVIEWS

“We are so pleased we booked and met these guys for our community event! We were blown away with how friendly, knowledgeable and absolutely fantastic the team were, and the animals are just wonderful, and clearly VERY well looked after. A totally easy and stress free experience from Our Animal World Suffolk who we would highly recommend.

“Our Animal world was brilliant .Everyone had a brilliant time. Laura and her mum was brilliant and so accommodating. Thank you so much.

“I want to say again a huge thank you. The children absolutely loved it and thank you for being so patient with them.... Not only did the children love it but so did the adults and it was also amazing to see the smiles on the children's faces!

“What an amazing encounter! Lovely friendly & knowledgeable staff that made me feel totally at ease handling the insects. A great set up & you can clearly see the animals are well cared for & happy to be handled. I would highly recommend this for education purposes or birthdays. Thank you!

“We asked Our Animal World to come to our Summer Fete at Saxmundham Primary School and we were so glad we did! They have an amazing set up, really great and interesting creatures and helpful staff. The children at the fete loved visiting and really enjoyed the Meet the Animal sessions. Laura was a pleasure to deal with when it came to organising everything too. We'd highly recommend them!
